

Call for Papers

ENERCON 2018

2ND INTERNATIONAL CONFERENCE ON ENERGY ECONOMICS
ENERGY AND THE ENVIRONMENT: CHALLENGES AND OPPORTUNITIES
AMIDST ASEAN INTEGRATION TOWARDS INCLUSIVE GROWTH

JULY 19-20, 2018 | ACACIA HOTEL, ALABANG, MUNTINLUPA, MANILA, PHILIPPINES

DEPARTMENT OF ECONOMICS
College of Economics and Management
University of the Philippines Los Baños

The Organizing Committee is pleased to announce the **Call for Papers for EnerCon 2018: The 2nd International Conference on Energy Economics** to be held on 19–20 July 2018 at the Acacia Hotel, Muntinlupa City, Philippines.

EnerCon 2018 will provide a timely venue for a wide range of stakeholders in the energy sector to share information and insights pertinent to sustainable energy adoption and development in the ASEAN and around the world.

Expect plenary presentations from renowned experts and/or practitioners in the field of Energy and the Environment as well as a mini-exhibit of selected energy-related industries and organizations.

Keeping to the theme of this year's conference, *"Energy and the Environment: Challenges and Opportunities amidst ASEAN Integration towards Inclusive Growth"*, we are inviting proposals for presentations on the following thematic areas:

- Sustainable Energy Policy, Regulation, and Institutions
- Sustainable Energy Technologies
- Sustainable Energy Financing and Public-Private Partnerships
- Sustainable Energy and Local Economic Development
- Sustainable Energy and the Environment
- Philippine Energy Sector and Optimal Energy Mix

Registration fees for the conference are as follows:

Early Bird Fee	PHP 4000 (USD 80)
Regular Fee	PHP 5000 (USD 100)
Student Fee	PHP 3000 (USD 60)

Early Bird is only until May 25, 2018. For details on registration, see enercon2018.weebly.com.

Submission Guidelines

Abstracts must be submitted via email with “Abstract Submission” in the subject line to enercon2018papers@gmail.com by **30 April 2018** (5:00 PM GMT+8)

Submissions should include the following:

1. **Title** of Presentation
2. **Authors** – indicate presenting author and / or corresponding author (with contact details: email, mailing address, and telephone number) and institutional/organizational affiliation of each author
3. **Abstract** of Presentation – a concise description of the purpose, significance, and implications of the presentation (maximum of 200 words)
4. **Keyword Set** – list of 2-3 keywords clearly describing the main idea of the work
5. **Knowledge Focus** – choose if the work focuses on (i) Practice, Research, or Theory in either (ii) Economics, Business, Technology, or Policy
6. **Theme Selection** – select which thematic area categorizes the work

Submissions must be in English and consist of only one page (A4 paper size) in MS Word form

(Times New Roman font size 12).

Multiple submissions from the same authors are allowed although it is suggested that a different presenting/corresponding author be indicated for each submission.

Each session will try to include presentations from the various categories of knowledge focus. Thus, submitted abstracts will be evaluated on the following criteria:

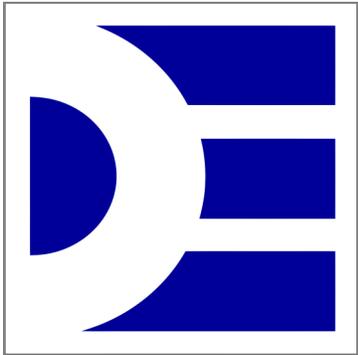

- Suitability to thematic area/session
- Relevance to current issues
- Local/regional/global applications and implications

Presenters will be informed of their selection no later than **30 May 2018** and will then have to submit their complete presentation (in MS PowerPoint format) by **15 June 2018**.

Selected presenters may be requested to provide full papers for publication in a refereed journal.

Please address any inquiries to Dr. Asa Jose U. Sajise , Chair, Program Committee via email to the above address. Indicate “Inquiry” in the subject line of the e-mail message.

The Organizer

EnerCon 2018 is spearheaded by the Department of Economics (DE), an academic degree granting unit of the College of Economics and Management (CEM) of the University of the Philippines Los Baños (UPLB) in Laguna, Philippines.

Having initiated efforts for information exchange relating the Economics of Energy and Environment with its National Forum on Energy Economics 2014 and EnerCon 2015, the DE intends to expand the knowledge base on Economics, Business, Technology, and Policies relating to Energy as well as the impact of energy generation and use on the Environment by organizing this triennial event.
